

# Rollover Contribution Form Instructions

Dear Plan Participant:

Thank you for choosing to roll your account balance into your company's retirement plan. To process your rollover quickly, you, your employer and Merrill Lynch must conform to certain rollover process rules dictated by the Internal Revenue Code (IRC). An acceptable Rollover application consists of three documents mailed to Merrill Lynch in one envelope. These documents are:

- The rollover contribution check
- Distribution qualification document(s)
- Completed & signed Merrill Lynch Rollover Contribution Form

1. Confirm with your current employer that you are eligible to make a rollover contribution into your retirement plan.
2. Request your Rollover Contribution Check.
  - A. For a **Direct Rollover**, contact your former qualified plan, Roth 401(k) Plan or IRA administrator and request a rollover distribution check made payable to **Trustee for WWT 401(k) Plan**, FBO (your name). Have this distribution check sent to your primary address, do not send directly to Merrill Lynch.
  - B. For an Indirect Rollover you must create a certified check made payable to **Trustee for WWT 401(k) Plan**, FBO (your name). An **Indirect Rollover** is a distribution from a retirement plan or IRA that is paid directly to you that you are now trying to "roll" into your current retirement plan. The IRS requires that the rollover check be deposited at Merrill Lynch within 60 days from the day you receive your distribution check unless an exception applies (and you have attached the exception letter located on BOL certifying that an exception applies).
3. For both **Direct and Indirect Rollovers**, collect your Distribution Qualification Documents. Qualification documents prove to Merrill Lynch and the IRS that the dollars are eligible for rollover.
  - A. If your rollover contribution comes from a qualified retirement plan include one of the following documents.
    - The distribution statement from your previous qualified plan. Most rollover distribution checks include a document (check stub) that shows that the source of the dollars are from an IRC qualified plan. Please note: After tax money must come directly from a qualified plan. All assets must be clearly identified as being either pre-tax or after-tax dollars.
    - A copy of your closing statement or a letter of distribution from your former qualified plan showing the dollars (distribution check) that were distributed and that the distribution is an eligible rollover distribution.
  - B. If the rollover distribution is from an IRA, send copies of both the opening IRA statement showing the original deposit, and the closing IRA statement. After-tax contributions in an IRA may NOT be rolled over to a qualified plan. Roth IRAs may not be rolled into the plan.
  - C. If your **Direct Rollover** is from a designated Roth account, specify the year of your first Roth contribution to that plan, and provide documentation from the distributing plan that reflects the year or your first Roth Contribution and the breakdown of Roth contributions and earnings that comprise your **Direct Rollover**.
4. Complete and sign the Merrill Lynch Rollover Contribution Form. Make sure you select investments.

If you do not follow these instructions your rollover will be delayed. If you have concerns call the Merrill Lynch Employee Retirement Savings Center at 1-800-228-4015 between 8 a.m. & 8 p.m.. Eastern Time any day that the New York Stock Exchange is open.

*Investing in these investment options, which are intended as long-term investments, involves risk, including the possible loss of principal. Investments in foreign securities or sector investment options, including technology or real estate stocks, are subject to substantial volatility due to adverse political, economic or other developments and may carry additional risk resulting from lack of industry diversification. Investment options that invest in small or mid-capitalization companies experience a greater degree of market volatility than those of large-capitalization stocks and are riskier investments. Fixed income portfolios have the same interest rate, inflation, and credit risks associated with the underlying bonds owned by the portfolio. Generally, the value of fixed income securities rises when prevailing interest rates fall and falls when interest rates rise. Investing in lower-grade debt securities ("junk" bonds) may be subject to greater market fluctuations and risk of loss of income and principal than securities in higher rated categories. There are ongoing fees and expenses associated with owning these investment options. Bear in mind that higher return potential is accompanied by higher risk.*

## 5. Employee Certification

I certify that this rollover consists of a distribution from a qualified retirement plan, 403(a), 403(b) plan, governmental 457(b) plan, traditional IRA, SEP IRA, SIMPLE IRA (after two years) or from a conduit IRA that was established exclusively to preserve the tax-deferred status of a distribution from a qualified retirement plan. I certify that, (i) I'm entitled to this distribution as an employee or a spousal beneficiary, (ii) the distribution is not one of a series of periodic payments for life or a period of ten or more years, (iii) the distribution was not made from a qualified plan on account of hardship, and (iv) the distribution does not include an amount required to be distributed on account of the individual attaining age 70 ½. In addition, I certify that if this is an indirect rollover the amount was received by me from a qualified plan or IRA within 60 days or an exception applies and I have attached a letter certifying that an exception applies. If an exception to the 60-day rollover applies, I further certify that I am making this contribution within 30 days of the date the reason or reasons listed in the 60-day rollover waiver letter no longer prevent me from making this contribution. Finally, I certify that, except as expressly stated on this Rollover Form, the rollover contribution does not include after-tax contributions or amounts attributable to designated Roth contributions. **I also certify that I have read the summary plan description of the 401(k) plan and have been advised to consult a tax specialist about the eligibility of this rollover.**
